**Re: SES Networks, Notice of *Ex Parte* Presentation in
Update to Parts 2 and 25 Concerning Non-Geostationary, Fixed-Satellite
Service Systems and Related Matters, IB Docket No. 16-408**

Dear Ms. Dortch:

On September 18 and 19, 2017, Suzanne Malloy, on behalf of SES S.A. (“SES”) and its subsidiary O3b Limited (“O3b”) (together, “the Companies”), spoke by phone with Erin McGrath, Legal Advisor to Commissioner Michael O’Rielly, Daudeline Meme, Legal Advisor to Commissioner Mignon Clyburn, Kevin Holmes, Legal Advisor to Commissioner Brendan Carr, Holly Saurer, Legal Advisor to Commissioner Jessica Rosenworcel, and Rachael Bender, Legal Advisor to Chairman Agit Pai.

In these calls, the Companies requested that the Commission’s proposal to permit NGSO applicants to certify EPFD compliance be expanded to include a requirement to make publicly available the input data on which a certification is based, and encouraged the Commission to retain the table of satellite frequencies in Section 25.202(a)(1).

Please contact us if you have questions about this submission.

Respectfully submitted,

/s/ Suzanne Malloy
